confusion

(a little reminder
this will have headcanon and au popping out of nowhere 💀
So
brace yourself 💀)

No one pov:

Dark choco cookie hissed as he woke up with a terrible headache

As the headache seemed to slowly go away he seemed to noticed that he was in a rather familiar room..

In a while he was shocked as he remembered that this was his old room when he was still living in dark cacao kingdom

Dark choco pov :

...!!?

"H-how did i get here!
No t-this must be some kind of dream
YES IT MUST BE"

dark choco though to himself until his thoughts was inturuped by someone

Maid, servant,butler,helper or whatever name : "prince dark choco cookie your father is waiting for u at the dinner table"

I was so confused

But there are only two possible way

1: this is all a dream and i will wake up from this nightmare

Or

2: im actually am back at the past

I sighed in frustration as my head was hurting from all this thinking

"Well if i really am back at the past then i should act like my younger self "

I said to myself
But then i remember how i used to act back then

"... Right i was this cheery prince back then"

I sighed knowing I'll probably need to act like my younger self back then

As i was nearly at the dinner table
When i saw my father
I gulped knowing that I'll have to talk
To my father who i betrayed

I sat down quietly hoping that my father will not start a conversation

But as i seated Father immediately said

Dark cacao : u took longer than expected

Dark choco : I'm sorry father

I said forcing a smile
But it honestly made me cringe of how i said it
And it was personally awkward for me to smile again
Knowing it's been years since i did smile

(Y'all it's the same thing all over but different pov)

Dark cacao pov :

I waited for my son to come
But as some minutes past
I wondered what was taking him so long he usually would be here about 5 minutes ago

I called one of our servant,helper,maid, butler to call dark choco

The servant quickly obeyed as she went to get dark choco

As the maid came back i expected dark choco to be behind
But there was still no sign of him

I sighed

But suddenly i saw dark choco coming to the table

I kept a blank face but i was secretly relief to see that he was there
I was honestly starting to worry

As he seated i said

Dark cacao : u took longer than expected

Hoping to maybe start a conversation

Dark choco : I'm sorry father

My son said while he smiled at me looking quite annoyed

I stared at him
And ask him

Dark cacao :is everything alr

I said and dark choco quickly answered with

Dark choco : Ofc father
Why wouldn't I be ?

I was still not convinced but i just answered

Dark cacao : ... Its nothing

There was this awkward tension between us
Until i remember what today is
So i ask

Dark cacao : !! Oh u are probably just nervous for today aren't u ?

Dark choco : huh?

Dark cacao : that's probably why
I mean it is the day that u will kill your first monster

I said in a straight face

(Btw dark choco is about 15/16 in this time)

Dark choco pov :

There was a awkward tension between us but i was glad there was no talking

Well that's what I thought until

Dark cacao : !! Oh u are probably just nervous for today aren't u ?

Dark choco : huh

I said confused

Dark cacao : that's probably why
I mean it is the day that u will kill your first monster

"My first monster " i thought about that for a moment
I was confused
But then it hit me

Dark choco : o-oh yes actually I'm quite nervous about that

I had a flash back of how exited i was for that day
Of how i was going to kill my first monster
A Total opposite of how i reacted now

Well atleast i won't have a problem killing any
But my problem is that cookies might notice how i act

I mean i was that fun confidence prince back then and now
...
I stoped thinking because i knew how i was ...

(Welp that was it 😅
Hope y'all enjoy 💁♀️)

searching

[image]

Dark choco pov :

As i steped outside the dark cacao gates i saw the first watcher
Caramel cookie alone at the gates

Caramel cookie : good morning my king and prince

She said while she bowed

Caramel cookie : my prince
Today u will kill your first monster
I wish u the best luck

She said smiling

Dark choco : " ty caramel "

I said but deep down i was in my thoughts

Thinking how i didn't notice how calming her voice was

Dark choco : (... Wow i didn't realize how calming her voice
So calm yet so fierce
Kinda reminds me of that devil pomegranate
Exept this pomegranate is a Saint)
I stoped for a second
(... What was i thinking !!!
Comparing someone like caramel
To someone like pomegranate)

My thoughts were quickly inturupted by my father

Dark cacao : so son are u ready ?

I quickly answered

Dark choco : ofc father

I said in a smile ofc
Which still bother me a lot

As i said that caramel gave me a sword and some food

✧time skip ✧

i wonder through the woods where I'll kill my first monster

While i was walking i could feel someone watching me

Dark choco : (it's probably caramel father probably told her to follow me)

I thought while i walked through the woods finding a monster

As i was searching i saw someone

It wasn't caramel

It was a boy

I pause for a moment

Dark choco : (wait i recognize that face)

I thought as i got closer

Dark choco : are u red velvet !??

I figured i was right
Because the boy was shoked

Red velvet : h-how did u know- !
!!! Wait your dark choco!!

I was shoked how does he know
Me , i don't think we've met
Before in the past

"How did u know my name "
I ask red velvet

"Umm b-because.. your the
Prince of dark cacao kingdom ofc !"
Red velvet said
But i knew he came up with that just now , but i let it slide
"...well umm do u want to come with me ? "
I ask him
" .....umm... !
YES... , umm i mean yes
S-sorry "

"Its alright " i said how about let's go
This part of the forest can get really dangerous specially at night

I said as he quickly came to follow me

"

Umm dark choco can I ask a question"
Red velvet ask while we were walking
"Sure "
I quickly said
"What are u doing here? "
Red velvet ask
"I'm here to kill my first
Monster and u what is a kid like u doing here alone "
I ask
I noticed he was quite shoked at the question
"Umm well i-
...
I'm here to look for my brother "

He said but i was in shock
I didn't know red velvet has
A brother
It then again we weren't
Really close
"Well what's his name ?"
I ask
As i said my question i
Noticed he looked quite sad
"Well u don't have to answer
If u don't want to "
I said hoping that it might
Release his sadness a bit

"No no it's ok
His name is Madeleine "
Red velvet said

"Oh i see "
I said
"Well umm I'll help u
Find your brother "
I said
But i didn't mean it
It just came out of my mouth
I wanted to take it back
But

"Really !! Thank u "

To late 🕶ig

"Maybe u aren't too bad after all"
Red velvet mumbled
But i still heard it but i

flash back

Dark choco pov :

Ahh 🕳
I forgot i have to kill a
Monster 💀

I obviously can't just leave
Without saying anything to
Father □□♀□

But i already agreed to
Help velvet find his
Brother Madeleine
Oh well

"Hey how about a deal "
I said to velvet

Red velvet pov :

"Hey how about a deal "
Dark choco said
I think about it for a moment
"Well what's the deal first"
I answered

"U have to help me find
And kill a monster then
We can find that brother
Of yours
In a much quicker way "

"... Hmm can u tell me the

"Quicker way" first,
And also i may be only 10
But I'm smarter that i look
ALR so don't even try anything "
I said
"Alr I'll keep that in mind
Anyways
The "quicker way" i was talking about
Is u help me kill a monster obviously
And after that u come with
Me at the kingdom "
It was a good offer
But...
"But why do i have
to come with u?? "
I ask

"Well i can inform my
Father i sure he'll help
And it'll be easier to search
When u ga e a lead of
Where he could have gone
OH RIGHT!! do u even have
Any idea where your brother is ?"

"Umm yeah about that
Uhh yeah i do t have any
idea At all "

Dark choco pov :

"Umm yeah about that
Uhh yeah i do t have any
idea At all "

"I- "
Omg □□♀□
Sigh
"Alright well it's better if
we have A lead so

Help me with my little
quest And I'll help u find
your brother alright"

"Alright ill help u with
Your little quest "
Red velvet said
"Anyways we should go now
The licorice sea is near by
Right "

Velvet said but why ?

!!!
"Your not thinking of going
There arent u "
I asked
"Umm yeah i am what's wrong ?"

Sigh
"Your still the same
So reckless "
I mumbled
"Nothing let's just go "

*Insert licorice sea

"Wow its beautiful "
Red velvet said

"Yeah ig but
Nvm what we should
Act now u don't want
To see the licorice sea
At night "
I said as he pouted

"Awww and i
Was curious if it'll look
Better at night "
Red velvet said and still was pouting

"Stop your pouting-"
I said but i heard something
From afar sounds like?
Laughing !?

Me and red velvet
Went to the direction of
Noise we just heard
"What if it's a monster ?"
Red velvet ask
"A monster laughing ?"
I quickly replied
As i rolled my eyes because
Of red velvet ridiculous question

Red velvet pov :

"I mean some monster
Can talk too"
I said

"That's because your half
Cake and u can understand
Wolf hounds "
Dark choco said
But i was shoked
Because i hid my cake
Arm with simple magic
That i learned
So how did he know

Unless
"How did u know i was
Half cake i hid it so well"
I mean dark choco in the
Future knew and the rest

Of the dark cookies
But dark choco shouldn't
Even know about me being
Half cake
"Unless are u ..
Back at the past too?"

Dark choco pov :

"Unless are u back at
the Past too?"

That question process in
My head for a second
That means I'm not the
Only one !
WAIT!
"Too!?"
I said
"That means your
Also!"

"Yeah I'm back at the past
Too but i have no intention
Of joining the dark enchantress
This time "
Red velvet said
"Oh but tell me what was
Your reason of joining her"
I ask

"I was 16
And i was still looking for
My brother
And then pomegranate
Suddenly came and
Offered me a deal-"

(Flash back)

Red velvet pov :

"She sees a lot of potential
From u and i can see that too"
A lady said

"And who are u supposed
To be and who is this "she"
I ask the lady with red hair

"U are looking for your
brother Correct ? "
The lady said
And i was shoked
How did she know ?

"H-how did u know i was
Looking for my brother !!
DO U KNOW WHERE HE IS !"

"Pls- where is your manners "
She said as she looked at me
In disgust
"Well I'm sorry geez
But really did u know where
He is "

"No"
I blink
At the fast reply from
The lady
"Oh
Then what did u want
From me "

"I want u to join us "

"And what do I get in return "

"Well help u find your brother
But not only that she will
Grant u power to
The power to get stronger "

"Ermm i was already sold
At my brother part
But sure I'll join"

(End of flashback)

Dark choco pov :

"So yeah that it
That was the reason i
Joined"

I was about to say
something But

"Oh look we're here"
Red velvet said
Interrupting me

"Wow so this is
the licorice sea"
Red velvet said as we
Looked into the dark licorice sea

"Yeah this is it "
I said then we suddenly
Heard laughing near the shore

(Welp that all 💀
